

# MASTER IN FORENSIC SCIENCE MIXED MODE PROGRAMME

USM  
UNIVERSITI SAINS MALAYSIA

**SCHOOL OF HEALTH SCIENCES**  
*Committed to Health*

Master in Forensic Science (Mixed Mode) Programme is offered to produce forensic professionals to meet the demand of forensic science practitioners and law enforcement agencies. Based on the inputs from key stakeholders, forensic practitioners, academics and stringent benchmarking against renowned forensic science institutions both locally and internationally, this programme has been designed to allow prospective candidates to specialise in various fields of forensic science.

This programme will equip prospective candidates with current knowledge, techniques and essential skills in forensic science which will be assimilated through well-designed theoretical and practical sessions. It also serves as a platform for prospective candidates to pursue PhD in forensic science.
